## Table of contents

How often would you say you vote? *	5
The United States: In general, are you satisfied or dissatisfied with the way things are going in: *	6
The economy: In general, are you satisfied or dissatisfied with the way things are going in: *	7
Your personal life: In general, are you satisfied or dissatisfied with the way things are going in: *	8
Some people have suggested replacing “The Star-Spangled Banner” with “America the Beautiful” as the national anthem of the United States. Would you support or oppose this change? *	9
Do you approve or disapprove of the job Donald Trump is doing as President? *	10
In general, would you support or oppose building new data centers (for artificial intelligence) in your community? *	11
Would you still support building data centers in your local community if it required offering tax incentives or subsidies to attract them? [Base: Supports Building New Data Centers] *	12
Do you currently work as a freelancer or independent contractor? *	13
Which of the following best describes your current work arrangement? [Base: Freelancer or Contractor] *	14
On average, how many days per week do you go into a workplace or office? [Base: In-person or Hybrid Contractor] *	15
On average, how many hours do you work per week? [Base: Freelancer or Contractor] *	16
What type of vacation policy best describes your current work situation? [Base: Freelancer or Contractor] *	17
Do you ever face challenges aligning your vacation time with school or childcare schedules? [Base: In-person Contractors With Fixed or Accrued Vacation Days] *	18
Some companies have developed AI chatbots designed to simulate emotional conversations and serve as companions for users, sometimes even forming romantic or deeply personal relationships with them. From a privacy standpoint, how concerned are you that these types of interactions could result in sensitive personal information being misused or exposed in the future? *	19
A “Regulatory Sandbox” law allows the state to temporarily waive certain laws or regulations so that a company can test innovative products or services under close government oversight. This approach gives regulators time to better understand emerging technologies and gather real-world data before determining how they should be governed. Would you support or oppose a Regulatory Sandbox law at the federal level to reduce regulatory barriers for innovative products or services? *	20
How serious do you believe corruption, such as academic fraud, recruitment violations, or bribery, is in college sports? *	21
How much trust do you have in major professional sports leagues—such as the NBA and NFL—to prevent game manipulation, such as biased officiating,	

point-shaving, or fixing outcomes? *	22
In your opinion, which of the following institutions has the most issues with corruption, whether in financial practices, competitive integrity, or oversight? (Please select one) *	23
Some people believe political parties face challenges with corruption. In your opinion, which political party is more corrupt when it comes to misusing public funds or abusing political power? *	24
Generally speaking, do you think of yourself as a...? *	25
Would you call yourself a... [Base: Republican] *	26
Would you call yourself a... [Base: Democrat] *	27
Do you think of yourself as... [Base: Independent or Something Else] *	28
Have you ever identified as a Democrat in the past? [Base: Independent or Other] *	29
If you previously supported the Democratic Party but no longer do, is there anything they could do to earn back your support? [Base: Previously Identified As A Democrat]	30
What could the Democratic Party do to earn back your support? [OPEN END] [Base: Believe Democrats Could Regain Support]	31
Have you ever identified as a Republican in the past? [Base: Independent or Other] *	33
If you previously supported the Republican Party but no longer do, is there anything they could do to earn back your support? [Base: Previously Identified As A Republican] *	34
What could the Republican Party do to earn back your support? [OPEN END] [Base: Believe Republicans Could Regain Support]	35
Would you describe yourself as feeling “politically homeless” today—that is, you don’t feel represented by either major party? *	37
2024 Presidential Ballot: Who did you vote for in the 2024 election? [ROTATE] *	38
2024 Congressional Ballot: In the November 2024 election for Congress, did you vote for the Democratic candidate, a Republican candidate, or someone else in your district? [ROTATE] *	39
2024 Presidential Rematch: If the 2024 presidential election were held again today, who would you vote for? [ROTATE] *	40
Thinking ahead to the 2028 Democratic primary election for President, if that election were held today and the following candidates were on the ballot, for whom would you vote? [Base: Democrat] *	41
Thinking ahead to the 2028 Democratic primary election for President, if that election were held today and the following candidates were on the ballot, for whom would you vote? [Base: Democrat] *	43
Thinking ahead to the 2028 Democratic primary election for President, if that election were held today and the following candidates were on the ballot, for whom would you vote? [Base: Democrat] *	45

Thinking ahead to the 2028 Republican primary election for President, if that election were held today among the following candidates, for whom would you vote? [Base: Republican] *	46
Thinking ahead to the 2028 Republican primary election for President, if that election were held today among the following candidates, for whom would you vote? [Base: Republican] *	48
Who would you vote for if the 2028 presidential election were held today, and the candidates were: *	49
Who would you vote for if the 2028 presidential election were held today, and the candidates were: *	50
What is your age? *	51
Thinking about your general approach to issues, do you consider yourself to be...? *	52
Which of the following are you? *	53
How many infants and children under 18 years of age live in your household today? *	54
Which of the following best describes your race or ethnicity? *	55
Which of the following best describes your household's total income in 2024 BEFORE taxes? *	56
Which of the following best describes your current education level? *	57
What is your current marital status? *	58
Do you own or rent your home? *	59
Thinking about your religion, are you...? *	60
Would you describe yourself as a 'born-again' or evangelical Christian? [Base: Protestant] *	62
Are you now employed full-time, part-time, self-employed, or not employed? *	63

A “Regulatory Sandbox” law allows the state to temporarily waive certain laws or regulations so that a company can test innovative products or services under close government oversight. This approach gives regulators time to better understand emerging technologies and gather real-world data before determining how they should be governed. Would you support or oppose a Regulatory Sandbox law at the federal level to reduce regulatory barriers for innovative products or services? \*
