In Utah prior to 2020, the state legislature was solely responsible for drawing and approving congressional and state legislative district boundaries.  Critics argue that this approach can favor the political party in power, while supporters say it reflects results of the previous election.  Overall, do you approve or disapprove of this system? *

Utah's Office of Energy Development is currently executing on an initiative of Governor Cox called Operation Gigawatt to, among other proposals, expand nuclear energy facilities in Utah. Supporters say this could provide clean energy and reduce reliance on foreign sources of fuel. Opponents raise concerns about safety and environmental risks. Do you support or oppose this plan? *
